

Miscellaneous

Chemicals

4-stroke marine oil / AP / SJ 10W30

08221-999-100HE

- An up to date universal engine oil, formulation produced with high quality solvent refined base oils and a well-balanced choice of additives.

Meets the requirements of all gasoline and diesel engines
Multipack = 08221-999-100MP 20x1

Gear oil SAE 90 GL4

08251-999-101HE

- Mineral lubricating oil for mechanical transmission, formulated with high quality solvent required base oils and special extreme pressure additives. Used on Hypoid differentials under very heavy duty condition and should be used in all transmission that require EP transmission oils.

Multipack = 08251-999-101MP 12x1

Gear case pump

08200-9011HE

- Marine Gear case pump fits our standard bottle. Ideal for adding Honda Marine oil to the outboard gearcase. Fits all Honda outboard gear case assemblies 2HP until 225HP. Comes with an additional suction tube of 18 cm.

ATF Z1 oil

08266-999-100HE

- Honda ATF Z1 automatic transmission fluid has been specially developed for use in all trim and tilt applications.

Miscellaneous

Chemicals

Honda marine grease – lithium nr 2

08739-B06-100HE

- Honda marine grease is a high quality multi purpose lithium grease containing anti-oxidants and anti-corrosion additives. Honda marine grease oil is mechanically very stable and due to its smooth structure easily pump able.

Oil extractor

07999-ZW7-000AH

- Vacuum extractor easily removes crankcase oil from engine with no spilling or mess
- Float mechanism prevents overfilling
- Capacity of 6.5 litres

*Oil extractor tube "9 = 07998-ZW7-009AH
Application as from BF2 up to BF225*

Primer

08707-PRIMA

- Should be used as required before paint is applied

Application as from BF2 up to BF225

Oyster silver metallic paint NH282M

08707-NH282MA

- Requires clear coat to seal, protect and complete the paint process

Application as from BF2 up to BF225

Miscellaneous

Chemicals

Clear coat

08707-UCA150

- Used with Oyster silver paint to complete the paint process and provide a durable finish

Application as from BF2 up to BF225

Touch up paint

08707-NH246

- Contains touch up paint loosey grey

For BF2 until BF2.3 extension case

Propeller paint

08707-NH283MA

- For all aluminium propellers (Stin Grey)

Application as from BF4.5 up to BF225

Carburetor cleaner

08732-0007

- Removes effective gum, varnish and deposits from choke and throttle linkages
- Cleans intake components and carburetor bodies

Miscellaneous

Chemicals

Salt terminator

08C10-SX32M

Quart concentrate with mixer

- For all marine applications, salt terminator is designed to dissolve and remove salt build-up commonly associated with marine environments while providing a protective sheen, guarding against future salt corrosion. Use salt terminator to flush marine engines, outboard engines, jet boats and personal watercraft. Spray salt terminator on all surfaces exposed to salt water or salt air to clean and protect from salt corrosion. When used with the salt terminator mixer, it automatically dilutes the concentrate and siphons it through a standard garden hose for engine flushing or exterior cleaning
